The following duties and responsibilities are taken from the position description and are considered to be a brief extract. Performs a variety of personnel care or nursing care activities, which do not require practical or vocational nursing licensure, or professional nurse education. Performs work assisting other medical personnel in the diagnosis or treatment of patient illnesses or medical conditions. Assists doctors and nurses in the performance of diagnostic examinations by performing duties such as monitoring vital signs, preparing and positioning the patient, or by performing a variety of routine diagnostic tests. Assists the physician in a variety of diagnostic examinations such as lumbar puncture, minor surgical procedures, pap smears, bone marrow and insertion of test tubes by positioning and draping patient and setting out and passing instruments. Reports observations of the condition of acute or chronic phase patients such as excessive vomiting, bleeding, type and amount drainage, skin integrity, patency of airway, etc. Assists physicians and nurses in the care of the ill receiving medical, surgical, and psychiatric or outpatient treatment. Observes and reports to the professional nurse changes in patient behavior, attitude, bodily complaints, and appearance, experiencing extremes of behavior, including drug or alcohol abuse. Recognizes emergency situations and intervenes while awaiting assistance. Provides nursing treatment for acutely ill patients whose needs require advance skill such as suturing wounds, insertion of chest tubes, placing patient on cardiac monitor, taking EKG's, performing upper airway suctioning. Enters specific information onto the patients' records or charts. Follows designated charting technique to post to patients' charts that provides a daily outline or summary of the patients' care. Performs a wide variety of duties aimed at increasing the comfort and spirit of the patient. Identifies and reports data relative to more complex patient situations including subtle changes in patients' behavior or condition, or variances related to neurological signs, vital signs and other parameters. Teaches patients and family members the necessity to continue the procedure for proper health care.**QUALIFICATION REQUIREMENTS:****Eligibility:** U.S. Office of Personnel Management Qualifications Standards for GS-621 series applies and may be reviewed in the Human Resources Management Division.**General Experience: GS-3 & GS-4:** Six months of any type of work that demonstrates the applicant's ability to perform the work of the position or experience that provided a familiarity with the subject matter or processes of the broad subject area of the occupation. **GS-5:** Not applicable**Specialized Experience: GS-3:** Not applicable. **GS-4 & GS-5:** One (1) year of specialized experience equivalent to the next lower grade. Experience must have equipped the applicant with the particular knowledge, skills, and abilities to perform successfully the duties of the position and that are typically in or related to the work of the position. To be creditable, specialized experience must have been equivalent to at least the GS-4 grade.**Substitution of Education for Experience: GS-2:** High school graduation or equivalent; **GS-3:** 1 year above high school with course(s) related to the occupation, if required; **GS-4:** Successful completion of a 2-year degree program in an accredited community college, junior college, or college or university in practical nursing or in a field of study appropriate to the specialization of the position, such as education in a program for a psychology, psychiatric, or operating room technician**Rating Factors:** On a separate sheet of paper, provide a written, detailed response to each of the RATING FACTORS. Failure to respond to rating factors will result in applicant not being referred for the position: **1.** Ability to perform procedures commonly performed by Nursing Assistants such as catheterizing, irrigating, and suctioning patients; and other supporting procedures such as patient charting and patient/family teaching. **2.** Knowledge of equipment terminology. **3.** Knowledge of drug terminology. **4.** Knowledge of standard medical terminology. **5.** Skill to provide and gather information in patient care/family conferences with nurses, doctors, patients and family members.**Well Qualified (CTAP/ICTAP):** A well-qualified candidate is defined as one who meets the qualification and eligibility requirements for the position, including all educational/experience and selective factors (when applicable), and is able to satisfactorily perform the duties of the position upon entry.**EQUAL EMPLOYMENT OPPORTUNITY:** All qualified applicants will receive equal consideration without regard to race, religion, color, national origin, sex, politics, marital status, non-disqualifying physical or mental handicap, age or membership or non-membership in a labor organization.**HOW TO APPLY:** You may submit OF 612 (Optional Application for Federal Employment), a resume, or other written format (i.e., SF-171). **(REQUIRED)** If your resume or application does not provide all the information requested on the OF 612 and this vacancy announcement, you may lose consideration for the position. In addition, the following forms must be completed/provided and returned to Human Resources Management Service by the closing date:

- a. OF-306, "Declaration for Federal Employment" **(REQUIRED)**.
- b. SF 50, "Notification of Personnel Action" (for proof of civilian Federal status). (if applicable)
